TeamChallenge – outdoor or indoor

After a common opening the whole group is divided into several teams. The teams compete against each other in both a playful and sporting competition. These selected games can only be solved by creativity, skills and team spirit. In the end the team with the most points will be appointed in an award ceremony. The exact setting of the game is depending on group size, duration and location requirements.

It is possible to implement this action indoor or outdoor depending on the location.
